Subject: MICROSOFT ANTITRUST, CLASS-ACTION SETTLEMENTS

Hi,

At what percentage point does a monopoly exist. Is it 100%, 90%, 80%? IE now has over 90% of the browser market.

The Microsoft monopoly is self-evident.

The settlement forces Microsoft to donate software, hardware, and services to America's poorest schools.

The settlement could simply introduce Microsoft to a market where they could further extend their monopoly.
